

LANSTAB-DBM-83

Dibenzoylmethane

CAS No. 120-46-7

Specifications:

Tests	Specification
Appearance	Slightly yellowish crystalline powder
Assay	≥99.0%
Melting point	76.0~80.0°C
Volatile	≤0.50%
Ash	≤0.10%

Package: 25Kg/Bag

Application:

- DBM is a kind of good PVC non-toxic auxiliary heat stabilizer that can be used with calcium/zinc, barium /zinc and rare earth elements and also increases efficiency of Ba/Zn-Ca/Zn and other mineral stabilizations.

Storage: Keep away from open flames, hot surfaces and sources of ignition. Keep container tightly closed.

Recommend Shelf Life: 12 months.
