

YAC-D3

Hexamethylcyclotrisiloxane

CAS No. 541-05-9

Specifications:

Specification	Technical grade	Industrial Grade	Premium Grade
Appearance	Colorless or white crystalline		
Assay	≥95.0%	≥98.0%	≥99.0%

Package: 170Kg/ Drum

Application:

- In addition to synthesizing general silicone polymers, it can also be used to prepare specific silicone compounds as various surface treatment agents, coupling agents, crosslinking agents, etc.

Storage: Keep away from open flames, hot surfaces, sources of ignition, moisture, and water sources. Keep container tightly closed.

Recommend Shelf Life: 12 months.
